To Whom It May Concern:

LFR Levine·Fricke (LFR) moved to a new location, and we were moved by Valley Transportation Group. The move was very professional, accurate and done in a very timely manner. We were extremely pleased with the movers and it could not have gone more smoothly than it did. We would very much recommend to anyone who needs moving services, business or personal, to choose Valley Transportation as their movers.

I want to thank all the men who work so hard to make this move much easier than we thought. Within one week we were in full operation to do business, thanks to all there hard work.

My last and for most thank you to Mike Brown sales repsenatative for all his help in guiding us with the pre move in having us get everything pre organized before the movers arrived on the weekend. Hats off to Mike for a great job.

Sincerely

Marie Stone
Administrative Assistant
